

Dear KAS Family,

July 2020

Several years ago, the KAS School Board voted to offer the parents a tuition discount and a greater increase in savings for each extra child attending KAS. These discounts were meant to last one year but by God's grace, it's been offered for many more. Because of the recent COVID-19 pandemic, there has been a great financial loss to KAS. To continue to provide a partial discount and not have to remove it entirely, the KAS School Board voted to make a minor increase tuition and trim the operating budget to ensure a financially healthy school year. We appreciate your understanding and support of a solid Christian Education that will last for an Eternity.

Sincerely,

Geoffrey White
